

Newnan, Ga.  
Aug. 15, 1967

Hello J.C. How are you doing this morning, as for us we are doing very well. I have been busting some pine shovels and our a bit tired tonight now, you know we have to eat, and to eat we have to have stone wood to cook ~~with~~ with.

Well we finally got our bath room finished all except tiling the ~~floor~~ floor. J.C. my Garden didn't do much this year, because it rained too much on it, I got 2 messes of butter beans off of it, a few tomatoes.

You are right about what you hear over the radio, some of the places are in a mess, you know, can't say much about it.

R.G. is still working at the Old Mill in town, he gets 5 days a week. He said he was going to get him a tractor so he could make a little garden with another year.

Mother said to tell you she was cooking dinner, wish you was ~~here~~ here to eat with us.

I still see all of your old buddies once in a while, Baker, and the Mc Kenzies boys and others.

Well I have wrote all I can think of, take care of yourself, and write when you can.

from William, R.G. and  
all,

Hello J.C.,

I guess you are beginning to feel short. I have got 170 days until my rotation date. I won't be shot until I get on the plane going home. It doesn't seem like I was home last month. I haven't been doing much lately. We have so many Pot.'s in our company that I don't have to do much of anything. There aren't but about 6 S&H's in our platoon and there are about 70 guys in my platoon. Have you heard from home lately. It has been quite awhile since I have.

I sure will be glad to go home for good. I know you will be glad more than me. They have been trying to get me to re-up but I told them to get lost. I just can't see staying in the Army all your life. I guess I had better close write soon.
